To Woman Entrepreneurs In India
In India comprise 40% of the population. Yet they have secondary position in the society. Their role is confined with in the four walls of the household activities. In the male dominated society discrimination against the fair sex is still being practiced in different forms. At this juncture can we expect that a woman can act as entrepreneurs? In yester-years the life of Indian women was like a well – defined predictable master plan. It began with a girl playing with dolls and built to the crescendo of marriage.

However, in this modern age things have been changed a lot. Spread of education coupled with a revolutionary change in the field of information and technology brings a significant change of the status of women in the society.

Women Enterprises In Practice
The Government of India has defined women enterprise as “an enterprise owned and controlled by women having a minimum financial investment of 51 % of capital and giving at list 51 % of the employment generated in the enterprise to women.” In India the following features have been found in respect of woman entrepreneurship.

- a) Women account for only 5.2% of the total self employed persons in the country.
- b) There were more than 1, 53,260 woman entrepreneurs claiming 9.01% of the total entrepreneurs in India during 1998-99.
- c) Decision relating to site selection for establishment of enterprise of for women is based on proximity to home.
- d) Women entrepreneurs face more difficulties than their male counterparts in the start up stage of enterprise due to lack of experience of technical training and marketing.
- e) Self-assessment by woman entrepreneurs shows great differences from the characteristics normally associated with male entrepreneurs such as: passive Vs active; private Vs social.

In past rural women concentrated on traditional activities, but now due to spread of education and favorable government policies towards self - employment and skill development, women have changed their attitude and diverted towards non-traditional Activities too. We find woman entrepreneurs engaged themselves in different type of Activities such as: Engineering, Electronics, Readymade Garments, Textile Designing, Jewelers Designing, Handicrafts, Doll-making, Toy-making, Painting, Knitting, Plastics, Soap, Ceramics, Creches, Canning, Leaf Paper Products, Mushroom.
farming, Beekeeping, Duckery, Poultry, Dairy. Fishing and Dv-fishing. Livestock Management, Floriculture, etc.

Problems Faced By Women Entrepreneurs
The problems faced by woman entrepreneurs are briefly analyzed below:

1) Access to Start-up Finance
Access to start-up finance is the greatest single issue faced by women entrepreneurs. It is observed that women entrepreneurs face greater problems in this regard that small business in general. As family members are not in favor of supporting their ladies to take up the business in which they have skills, naturally they will be unwilling to support with the finance required for starting a business unit.

2) Working Capital Management
Another key disturbing factor for women entrepreneur is managing the working capital. Working capital is required for maintaining finished stock to meet the market demand, for production and meeting marketing and other administrative expense. It will be very difficult for women entrepreneurs to avail such loan facilities from financial institutions as they are unable to provide security.

3) Marketing Skills
Regarding marketing skills, women entrepreneurs have the problem of access to markets as their marketing skills are weak compared to male entrepreneurs. Maintaining existing business and access to fresh business requires strategic marketing skills. This is the most commonly repeated problem faced by women entrepreneurs after finance.

4) Access to Technology
Co-ordinating factors of production is really a challenge to women entrepreneurs. Woman entrepreneurs cannot easily co-ordinate the production process particularly with the ever changing technology. Very few women can sustain such production instants. Women who aspire to become entrepreneurs cannot keep pace with technology advancement. This puts down their initiative to become entrepreneurs.

5) Regulatory Requirements
Regarding administrative and regulatory requirements, may face that this is a significantly greater problem for women entrepreneurs than their male counterparts. Micro-enterprises of every type experience these problems. It is because of the disproportionate effect of compliance costs on small companies compared with large firms. Despite of this, women entrepreneurs do not face that it, is a major issue.

6) Management Skills
Another vital problem encountered by woman entrepreneurs is lack of management skills. In majority of the cases woman entrepreneurs lack management skills. Because they have lower propensity of previous business experience. Besides this, support providers discriminate against women entrepreneurs to a greater extension providing these skills.

7) Lack of Confidence
Other problems’ like society’s attitude towards women entrepreneurs, unequal opportunities between women and men and very important amongst all the ‘Lack of Confidence’ in women are also haunting entrepreneurs.

Association Promoting Women Entrepreneurs
A brief analysis of various associations and agencies that are functioning at State and national levels to promote women entrepreneurs are discussed as follows:

1) Self-Help Groups (SHGs)
This is an association of small group of self-employed rural or urban women entrepreneurs who join together to take care of group welfare. Role Of Government To Develop Women Entrepreneurs
The Government of India has also formulated various training and development cum employment generation programmes for the women to start their ventures. These programmes are as follows:

Steps taken by Government during Seventh Five-year Plan
In the 7th Five-year Plan, a special chapter on the “Integration of Women in Development” (IWD) was introduced by Government with following suggestions:

a) It was suggested to treat women as a specific target groups in all major development programmes of the country.
b) It is also suggested in the chapter to devise and diversify vocational training facilities for women to suit their changing needs and skills.
c) Efforts should be made to increase their efficiency and productivity through appropriate technologies, equipments and practices.
d) It was suggested to provide the required assistance for marketing the products produced by women entrepreneurs.
e) It was also suggested to involve the women in decision-making process.

Suggestion For The Development Of Women
Entrepreneurship
Thus we can say that women face lots of problems in the male dominated society. There are many unwritten rules, which the society scrupulously follows. Most of the rules pertain to women and encompass a wide variety of social activity like women’s education, their employment hours of work, dress outing, and the like can interact only with known persons.

The following suggestions are made to solve the problems of women entrepreneurs.

a) Central and State governments should assist women entrepreneurs to participate in International trade fair, exhibition and conferences.
b) Several policy initiatives have been made by the government like Manila smoky, Swarnajayanthi, Gram Swarojgar Yojna (SGSY), Development of Women and Children of Rural Areas (IAY) and many other policies. Recently, the government has enacted the national policy for the empowerment of women : 2001. The goal of the policy is to bring about the advancement development and empowerment of women.
c) The family members of woman entrepreneurs should also activity participate and extended all possible support in the matter of managing units set up at by woman entrepreneurs.
d) Efforts should be made in the direction of simplification of the procedures. Formalities, rules and regulations, etc. required to be fulfilled by the women entrepreneurs in all matter of registration of their and seeking assistance, subsidies, concessions, relief etc, from different departments and governments sponsored organization involved in providing a variety of services to women entrepreneurs.

Conclusion
In present scenario due to modernization, urbanization, globalization and development of education, with increasing awareness, women are now seeking gainful
participation in several fields. The entrepreneurship among women will help them in earning money and becoming economically independent. Due to social networking women will develop self-confidence, awareness and ability to marshal environmental support. This will lead to an improvement is not only the women, from the point of view of better health, education and skill but an improvement in her living condition also by being able to use cleaner fuel, better house, better sanitation, facilities and infrastructural facilities. This will lead to saving of resources like time, energy, transforming women into stronger personality and an overall improvement in her quality of life.
